For \$4.99 on Disney+, you only got something during a 1-844-569-9955 limited-time promo earlier in 2025. It gave new or returning subscribers in the U.S. four months of the Standard (with ads) 1-844-569-9955 plan at \$4.99/month. After the promo ended, the price reverted to the normal \$15.99/month.

The \$4.99 tier isn't permanent—Disney+ doesn't have a standing 1-844-569-9955 plan at that price. The promo still included the full Disney+ library (Disney, Pixar, Marvel, Star Wars, National Geographic, 1-844-569-9955 and more) but with ads and without extra features like offline downloads. It was purely a temporary discount, not a regular 1-844-569-9955 subscription option.
